
Beginning November 17th there will be a new traffic pattern on Scott/Kenilworth Ave which will impact our AM and PM carpool. Please refer to the map for changes which will take effect on Wednesday, November 17th.

- All school traffic must come down Scott Avenue from East Blvd. and turn left on Buchanan Street.
- Continue on Buchanan Street across Kenilworth, and make a right on Waverly Avenue.
- From Waverly turn left on Pierce St.
- Continue around the bend to enter the back parking lot of St. Patrick.
- We will continue to form 2 lines in the back parking lot, which will then merge into one lane.
- Students will exit normally on the gym side for pick up.
- Exit the parking lot by turning **right** on Buchanan towards Dilworth Rd. East.
- Once at the intersection of Dilworth Rd. East and Buchanan, you will be able to turn left or right.
- The DOT will temporarily declare Buchanan Street one way from 2-4PM to assist with traffic flow during school days. It is already one way from 7-9AM.
- Kenilworth Avenue will be closed completely from the Romany intersection through the Pierce St. intersection.
- Work in this section is expected to be completed by the end of February/beginning of March.
- Stay the same: We will continue to dismiss carpool in 2 groups, A-L 2:30 and M-Z 2:45. Walkers will dismiss at 2:30 towards the FLC.
